Money in the Mail

Was launched in October of 2003 with the initial printing of 28 pages and 31,000 circulation. In just over 2 years, our mailing has grown to 128 pages monthly and nearly 80,000 circulation.

Most of our clients have found that this booklet works better than anything they've ever done. Because of the great response to virtually any type of advertised product or service, we now can offer a guarantee that your ads not only be the best quality, reach the most potential customers, but will also generate at least twice the cost. We are limiting the number of pages to 64, so please plan your marketing in advance to insure your space in Northern Arizona's Favorite Mailer!
